Dare to be... Yourself

Throughout life our feeling of self-worth is always being tested. Do I look okay? Will they like me? What if they don't? These are just a few questions that run through the minds of teens in today's society.

We are constantly told how to act, how to dress, and how to think. These messages are not always verbal and they come at us from all directions.

What do we do? Give in? Do we become something we're not so we fit in? Do we become like everyone else? No. We all need to find what works for us and go with it. People will like us best if we give of ourselves.

Don't follow the crowd...dare to be yourself!

Why Buy a Class Ring?

The time comes around in everyone's life when he/she is faced with this question, "Should I buy a class ring?" If you talk to your parents or other adults, most will tell you, "After graduation, you'll never wear it again." Some have no idea what happened to theirs. One adult pawned hers off after graduation. So, how important are they?

Some teenage girls wear their boyfriend's ring as a symbol of their love. It's either worn on a chain around her neck or wrapped with yarn to fit her finger. Other students wear a class ring to show pride in their class and their school. It serves as a reminder of their high school years.

There are two things that should be considered before buying a ring, the cost and the purpose. The cost can range from a little under a hundred dollars to almost four hundred dollars or even more, depending on the type of band and stone you select. Some students buy an expensive ring, because they want to keep it forever. Others buy a class ring simply because it's the thing to do.

Before you buy your ring, make sure you have a purpose for purchasing one and don't feel pressured into buying a ring that is beyond your budget.

FRESHMEN
They're Back!

It's been a long time since freshmen have walked the halls of St. Clair High. This year, S.C.H.S. welcomed the Class of '93 as the first freshmen class since 1974.

High school just wasn't the same without freshmen. Teasing these young students is one of the luxuries of being an upperclassman. The temptation to confuse and embarrass freshmen is one we cannot pass up.

This year's freshmen have been great sports. Why? Most are looking forward to the fearful classes of freshmen entering high school in the next few years. Look out!

Get Off the Road I've Got My Licence!

Driving is an experience of a lifetime. We all dream of the day when we'll get our license. We sign up for driver's training and fantasize about the candy-apple red convertible and the awesome babe or massive hunk sitting by our side. As time goes on, reality sets in.

The dreams of the candy-apple red convertible are set aside, due to lack of funds. Instead we, with the help of our parents, decide on a more economical car.

We find having our own "wheels" is not as glamorous as once thought. Maintenance and fuel were two items not considered when we visualized ourselves cruising down the strip.

Our gorgeous dream car is really a $200 clunker or the family grocery getter.

Once we get an automobile, we're ready to hit the road. Just because we have a license doesn't mean we know how to drive. Many of us are still nervous, so watch out!

What's In, What's Out?

What's in and what's out is a hard question to answer. Who's to say what's in and what's not? There is not a certain style all people have to follow. It's not like we have a dress code. If we did, this planet we live on would be pretty boring.

Most students feel they should look presentable in school. When asked, almost everyone agreed that they dress the way they do because they saw someone somewhere wearing the style. It doesn't matter whether it was in a magazine, in school, or someplace else.

Students who dress differently than the norm do so to be different. "I don't want to follow the crowd, I want to stand out," said one sophomore. Others said they dress to express themselves and to feel good. So, if a certain style fits you and looks good, why change?

Styles of today are a lot harder to follow. It's not like the 70's, where everyone wore bell-bottoms. It's better today, because we have a variety of styles to choose from. If one doesn't work, try another.

Siblings Sharing St. Clair High

Having to share a school with your sibling(s) can have its advantages as well as its disadvantages. Many of us have had to follow in the footsteps of older brothers and/or sisters. This isn't always easy. If our older sibling(s) were perfect students, the pressure for us to be the same is extreme! If our sibling(s) were trouble-makers and hated school, this also reflects on us. Although we are faced with the task of creating our own identities, sometimes it's nice to have some history to fall back on when things get rough.

For those of us who are the younger sibling, we must admit, it's always helpful to get "the scoop" on teachers and classes from our older brothers and sisters.

Being the oldest and having younger siblings can really cramp our style. They can be an embarrassment at times, but it's nice to have someone look to us for help. It makes us feel important.

Sharing school with a sibling doesn't have to be a terrible experience. These years can bring us closer together. Let's not miss the chance to make happy memories with the people who will always be a part of our lives.

THE Corbys say, " We don't mind much. We don't see each other that much during the day."

JENNIFER Perritt, Joshua Perritt, and Jessica Perritt all have to share the same school. How do the freshmen twins like having a senior for a sister? Both agree it's convenient. "She tells us what to expect, and she can drive us all over!" The only thing Jess doesn't like is the fact that "I never get away with anything anymore."

MELANIE Latimer doesn't mind sharing space with older sister Laurie.

WHAT'S it like to share a school with a twin? Brian Cichocki and twin sister Lisa Cichocki enjoy being twins. "He helps me with school work and we stick up for each other," says Lisa. Brian says the only disadvantage is that "it's hard to get away with stuff in school, like doing homework, when you have a sister the same age and grade, especially when she's in the same class."

The Dating Game. . . Looking for Mr./Miss Right

Some of us may have started dating in middle school, but the traditional "car date" really begins in high school.

Why date? Dating is the best way to get to know a person you think you might really like. Dating gives you the opportunity to discuss interests and enjoy each others company.

The first date is always the scariest. What do I wear? What do I say? What if he/she doesn't like me? What if I spill something, trip, or shoot milk through my nose?

If we're all afraid of embarrassment and rejection, why do we subject ourselves to this dating ritual?! Why? Because we all want to be loved. Yes, dating is one tradition that will be around for a long time to come.

JANEEN Kilburn and Misty Thibert agree. The perfect guy is someone "tall, muscular, not conceited, and blonde."

Senior Panic

What do high school seniors have to worry about? Just their whole lives! These worries are the root of Senior Panic — a normal but unsettling reaction to the unknown.

It seems so unfair. We've looked forward to our senior year for so long, we're finally here, we made it! We rule the school, yet we're ready to jump out of our skins!

Coming face to face with graduation, and the big unknown to follow, shakes most of us. What are we going to do after graduation? Go to college? Go to work? Join the service? Get married?

Not only do we have to face the realities of being an adult, many of us will have to face these realities without the security of close friends and a familiar environment!

Are we scared? You bet we are, but being nervous is just a part of what we are feeling. We are just as excited about our new lives as we are afraid. Look out world, here we come!

Senior Changes

Seniors have experienced many changes in the past three years. We were the first class to experience Mr. Rood. He was the assistant principal our sophomore year. We were also here when the new attendance and tardy policy went into effect. We remember the Coke machine being put into the cafeteria (thanks!) and the juke box that only lasted one year.

Our junior year brought four new people to our school staff. Mr Rose became our new assistant principal; Mrs. Chartier, our new bookkeeper; and Mrs. Cedar (then, Miss Gillman) and Miss Sredich were the new additions to the Science and English Departments. This year also brought a forest of trees to our school's property.

As seniors, we witnessed many changes at S.C.H.S.. We dealt with freshmen, a new parking lot, building construction, and portables. Many new faces were added to our teaching staff. Some were familiar faces from junior high, others were new teachers hired into the district.

It's nice to know we've been a part of S.C.H.S. history. We'll come back someday to more changes, but it will always be our school!

Friends Forever

We finally made it! Most of us couldn't have done it without the help of our friends.

School can be a rough place. Even kindergarten can be a nightmare to the child who is timid and shy. Lets face it, kids can be cruel. If it wasn't for that one special person who was kind to us, we may not have made it through our first day!

Middle school and high school were also terrifying for us. We could have been the most popular kid is junior high, but when we got to S.C.H.S., we found things had changed. Many of us had to start building a name for ourselves all over again. If it weren't for our friends, we never would have survived.

We all want to be accepted by others. Friends make that acceptance possible. For those of you who helped someone feel better about themselves, Thanks! You won't be forgotten.

After graduation, we may never see each other again, but we've shared too much to forget one another.

Thanks for being a friend!

I, GORDIE BILLY, leave my short hair tradition to be carried on by Mason Bowman.

I, MICHELLE BODEN, leave my seat on the Skill Center bus and my parking spot to Rick Knoll.

I, DANA BRENNER, leave my muddy track spikes and all the good times in track and cross-country to Lana Poppenga.

I, MIKE BULLIS, leave my Chaz's sign and Chaz's shirt to Rob Lauderman.

I, KERRY CALNAN, leave my ability to be cocky to Debbie Zimmer.

I, MELISSA CARRIER, all of my good times to Jane Stuben way down in "Tokomo".

I, BRIAN CICHOCKI, leave my dirty and nasty looks to Debbie Tackaberry.

I, LISA CICHOCKI, leave all my great work habits and grades in Office Management to Debbie Tackaberry.

I, DAVID M. CREECH, leave my entitlement to be grumpy to Cacey Glass.

I, KRISTIN CROWL, leave Therese Bonner the privileges her parents won't give her, that Brett, her brother has had always.

I, ED DELORE, leave my broken heart to my little brother, Dennis, who has to run the mile at least 10 times in Team Sports class.

I, MIKE DISIMONE, leave my swimming ability (not much) to Jerry McCabe and my Physics eraser to Ted Burkard.

I, ADAM DRISCOLL, leave my bad attitude to Tim Burns and my awesome wrestling skills to Tim Madaj.

I, SHELLY ENGLE, leave my attitude to Rachel Pauly.

I, SAM FAJARDO, leave my beloved blue truck and homework skills to Kristine Badger.

I, BECKY FERRIBY, leave my road rebel speed wagon to Dave McConnell, Tom Anderson, and Ted Burkard.

I, GREG GEE, leave my spectacular swimming ability to Jerry Lumetta (he needs it!).

I, CAROL GERMAIN, leave my Office Managment work to Miss Mihaui.

Kids At Heart

Do you remember the first time you saw one of your teachers outside of school? It could have been at the grocery store, a restaurant, the mall or at the movies. Weren't you surprised to see them in a different environment?

Most of us find it hard to imagine our teachers from any other perspective. They're just "our teachers." They don't have personal lives, they don't have hobbies. They don't have families or friends. "Our teachers" will never grow old, and they were definitely NEVER young! Or were they? Can you tell who's who? (Answers on p. 203)

We wanted to make the staff section special this year, and everyone went out of their way to help us succeed. Thanks!

Dare to be...

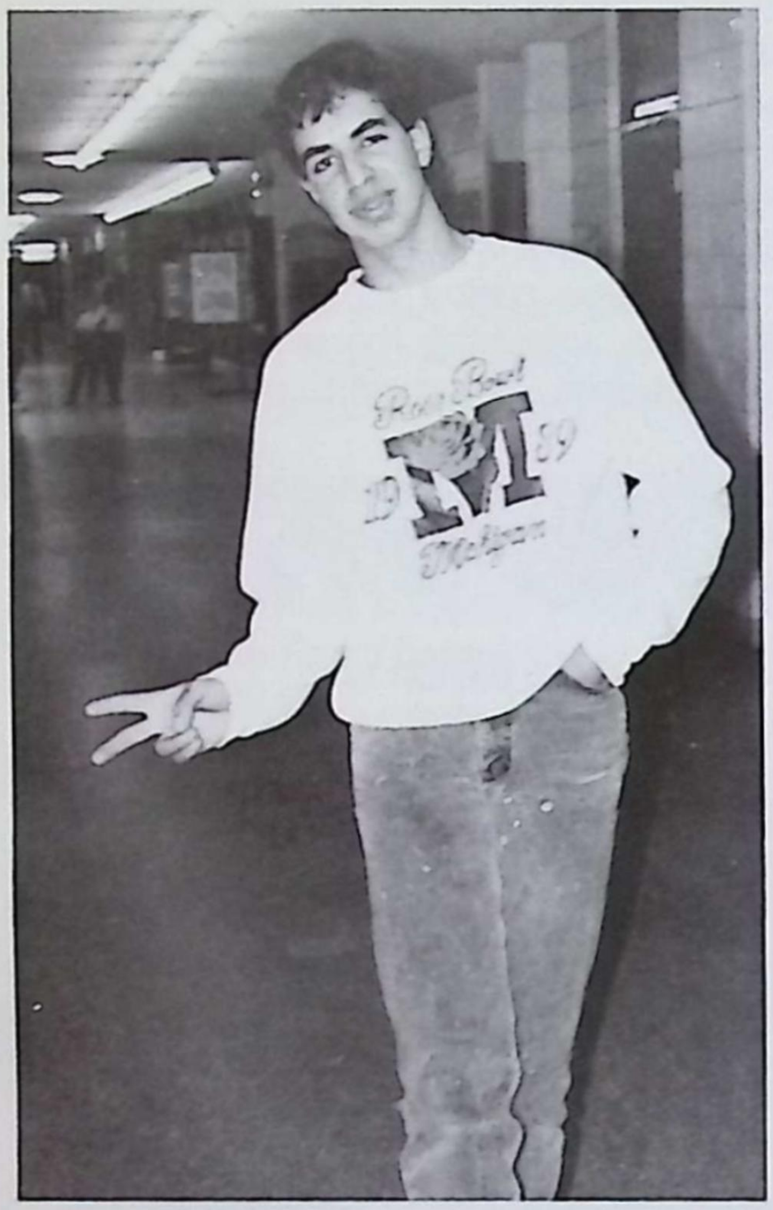
Involved

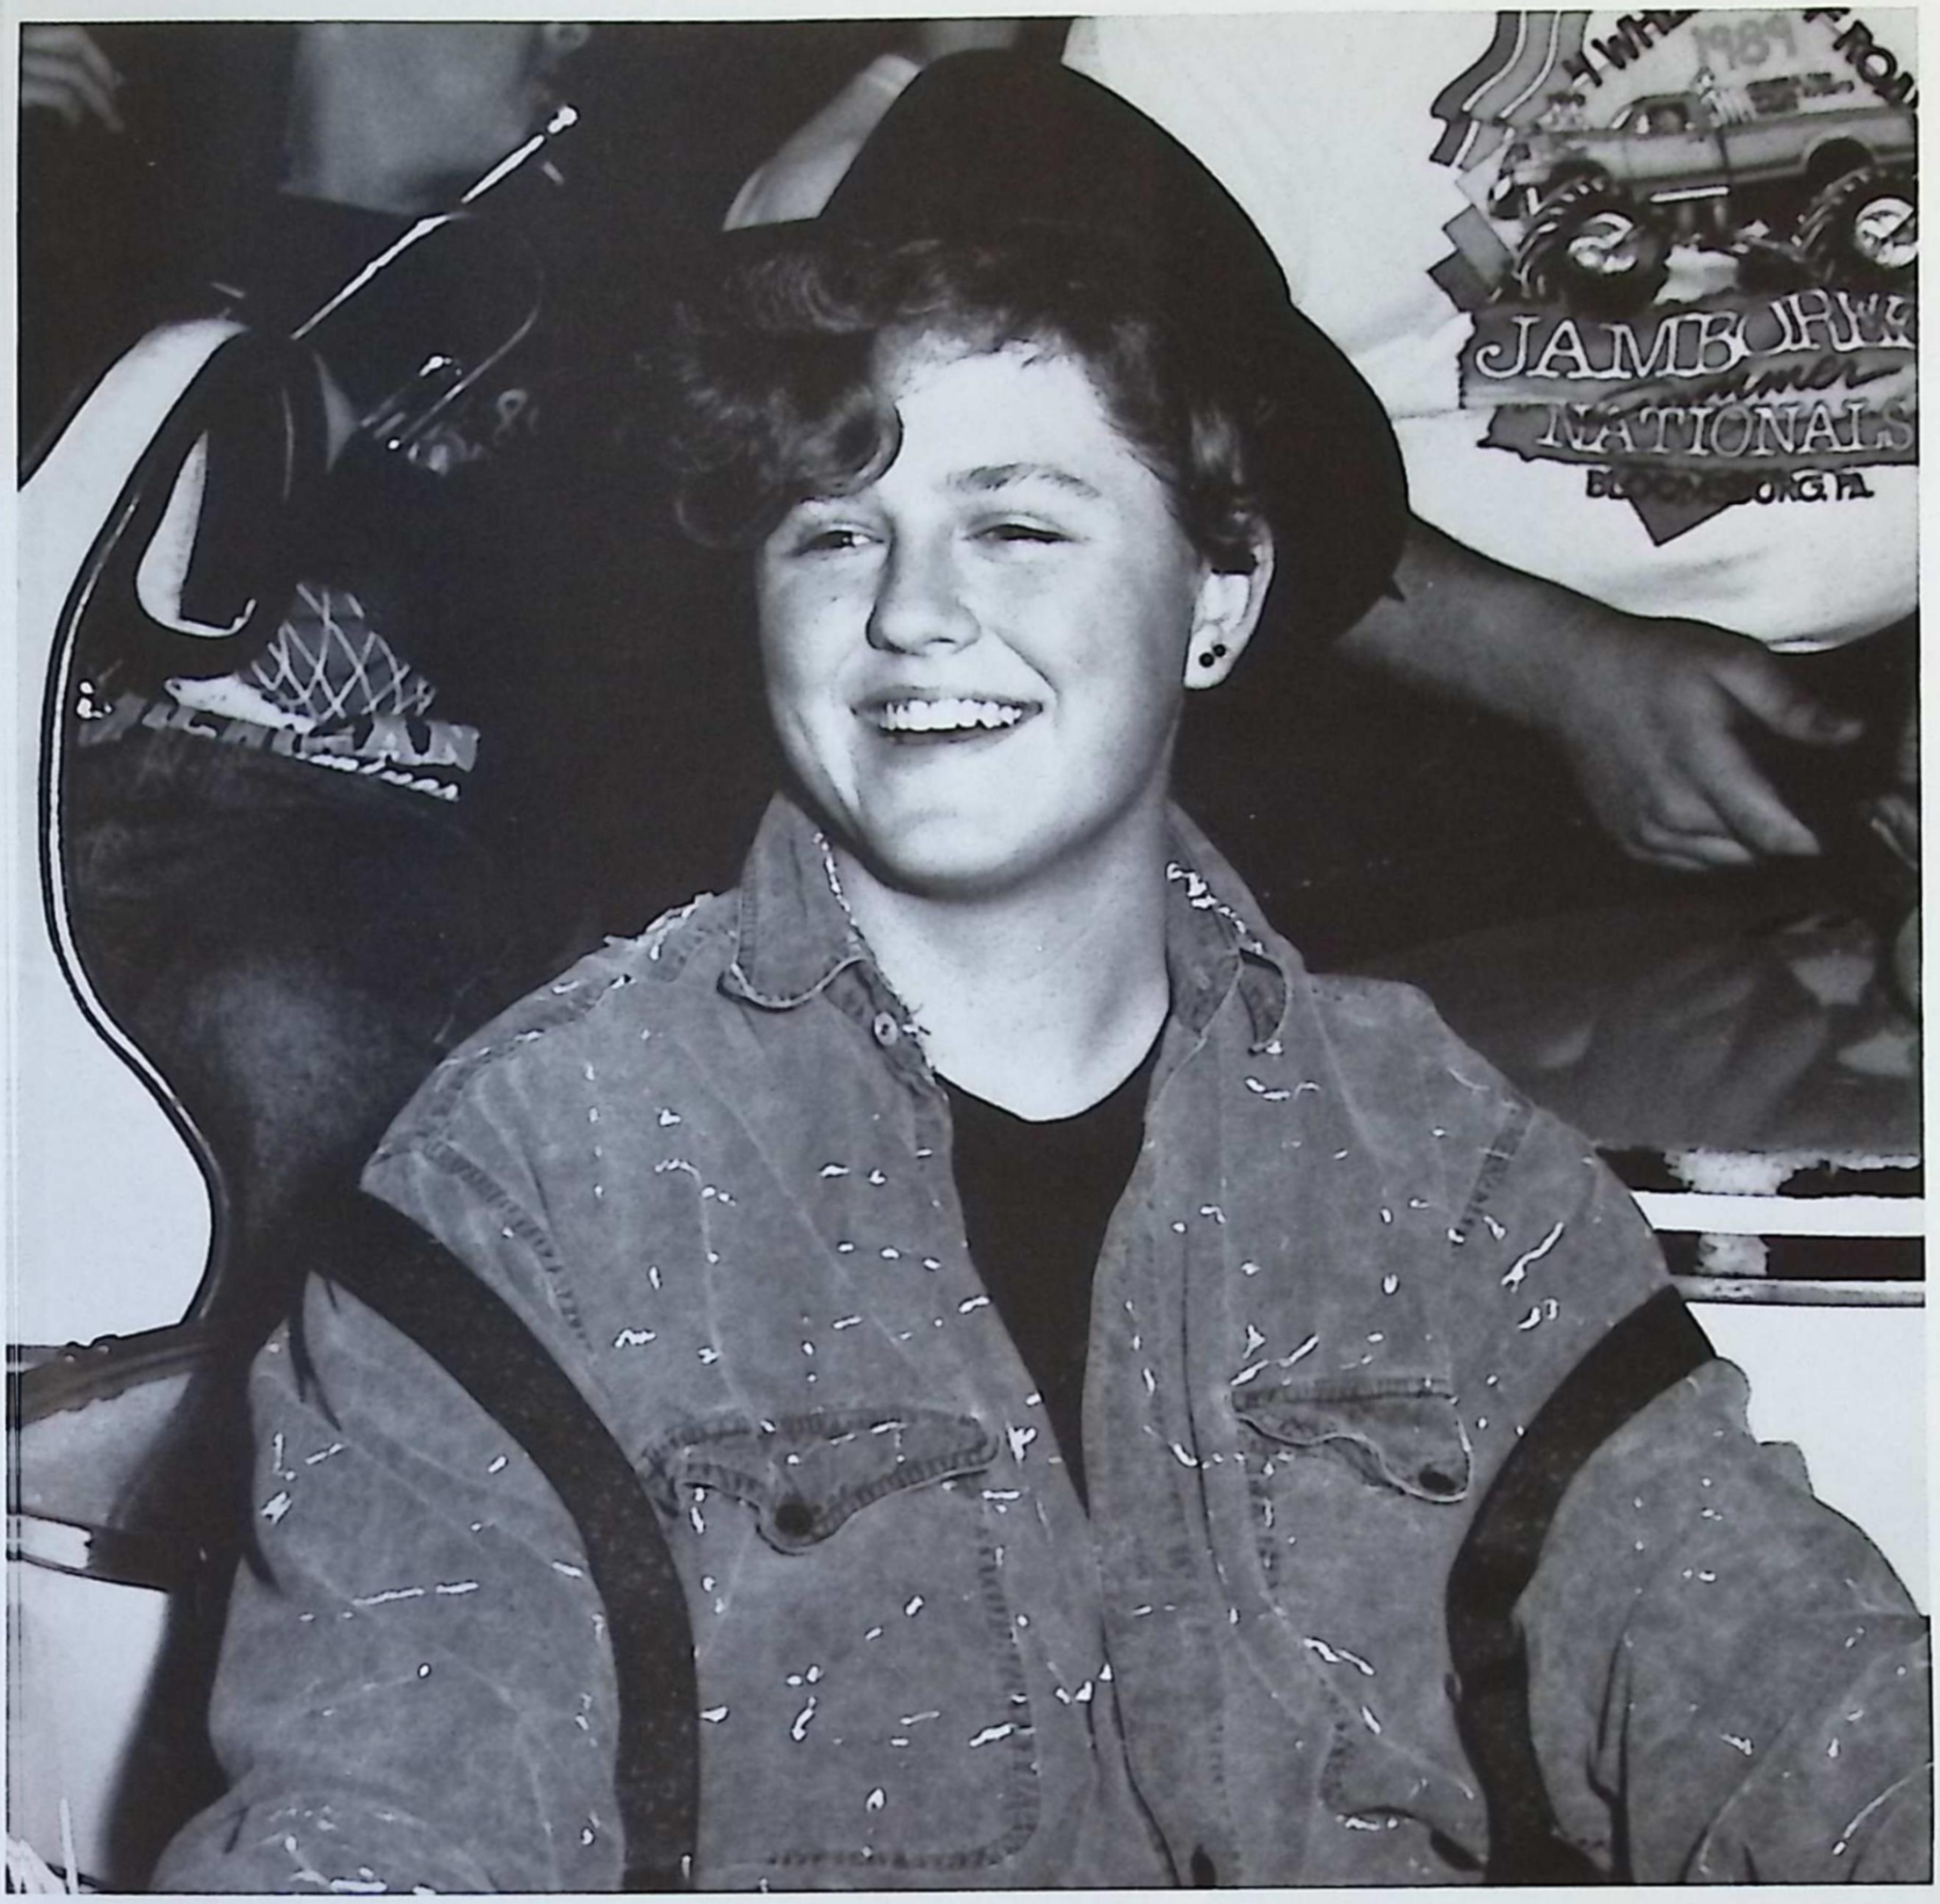
When you hear the word "involved" what do you think of? Many begin to panic, "Oh no! Get involved?! Getting involved takes too much time, too much effort!"

Yes, getting involved does take both time and effort, but the benefits of getting involved are worth it.

The students of S.C.H.S. that dare to participate and be a part of their school and community gain so much in return. One St.Clair High School student confides, "Being involved has given me a feeling of self-worth. I can give to my school and feel proud to be a part of something. I've also met a lot of new friends."

Are you looking for your niche? Check out some of the clubs and groups at S.C.H.S. as well as in the community. Do something good for you and for others. Dare to be involved!





SENIOR Jason Closs devoted time to yearbook and both plays this year.

VESSA Punnonen discovers participating as an exchange student has many benefits!

MELISSA Carrier and Kacy Westrick have some fun on Halloween.

BECKY Ferriby participates as a swim team member as well as on student council.

MARY Brisbois chose the music field as her way of getting involved.

JEFF Denean and horse "Rocky" involved with the Equestrians.

Under Construction

There have been numerous changes in our Student Government in the last two years. Mr. Eberhard, as the new advisor, felt it was necessary to reconstruct the council so that all students could be involved.

In the past, the student body was not involved in electing officers. Our new student senate is made up of five representatives who are elected by the students of each class. From these twenty members, a president, vice-president, secretary, and treasurer are elected.

The Student Senate represents the student voice to administration, staff, and community. This group of individuals provides activities for the student body, works to build school spirit, and to help the local community. The Student Senate is the decision making body. The Student Council is open for all people to join to give input.

This year, the Student Senate has organized two blood drives, a canned food drive, and a Club Coca-Cola dance to benefit the special olympics.

Officers Represent Their Class

If you enjoy taking charge and like knowing what's going on, a class officer position is the perfect way for you to get involved.

As a class officer, you represent your entire class. You are your classmates' voice when they need to be heard.

Class Council Members are in charge of earning money through various fund raisers. The money earned is kept in a class account and used for class trips, weekend dances, proms, and community services. Senior officers are also responsible for earning the money needed and making the plans for their class reunions.

It's an honor to be a class representative. It's also a lot of responsibility. We thank the officers that served this year. You did a great job!

N.H.S. Gets Involved

The National Honor Society is a club for highly motivated students who are involved in school activities and maintain a 3.4 grade average.

This year's officers are Eric Schweihofer, president; Dan Acciavatti, vice-president; Jon Hyslop, secretary; and Nathan Heverin, treasurer.

This is Mrs. Cedar's first year as the N.H.S. advisor. She hopes to get members more involved in the community. This year they collected scrap paper from the school for a paper drive. The money earned was donated to the Muscular Dystrophy Association. N.H.S. members also tutored students who were having difficulties in classes.

Dance! Dance! Dance!

This year's dance classes spent their time preparing for half-time performances and the St. Clair Dancer's Concert.
All dances were perfected and the best were chosen to be performed. The top twelve dancers were asked to perform for these productions.
A lot of time and effort was put into each performance and everyone involved should be very proud.

The St. Clair Ski Club's Back!

Thanks to Mr. Ruehle and a few enthusiastic students, St. Clair High School's Ski Club is back!
Anyone can join. This club is for anyone who loves snow and enjoys being with friends.

The Ski Club provides the teens of St. Clair with something to do after school and on weekends. It's a way to have fun, be with friends, and stay fit! What more could we ask for?!
If you're not a skier, but want to learn, this is your chance. The Ski Club gets discounts on ski rentals and lessons, as well as ski passes.
Mr Ruehle and the students involved in this year's club are looking forward to larger turn outs in the years to come.

Undefeated Season for Varsity Quiz Bowl Team

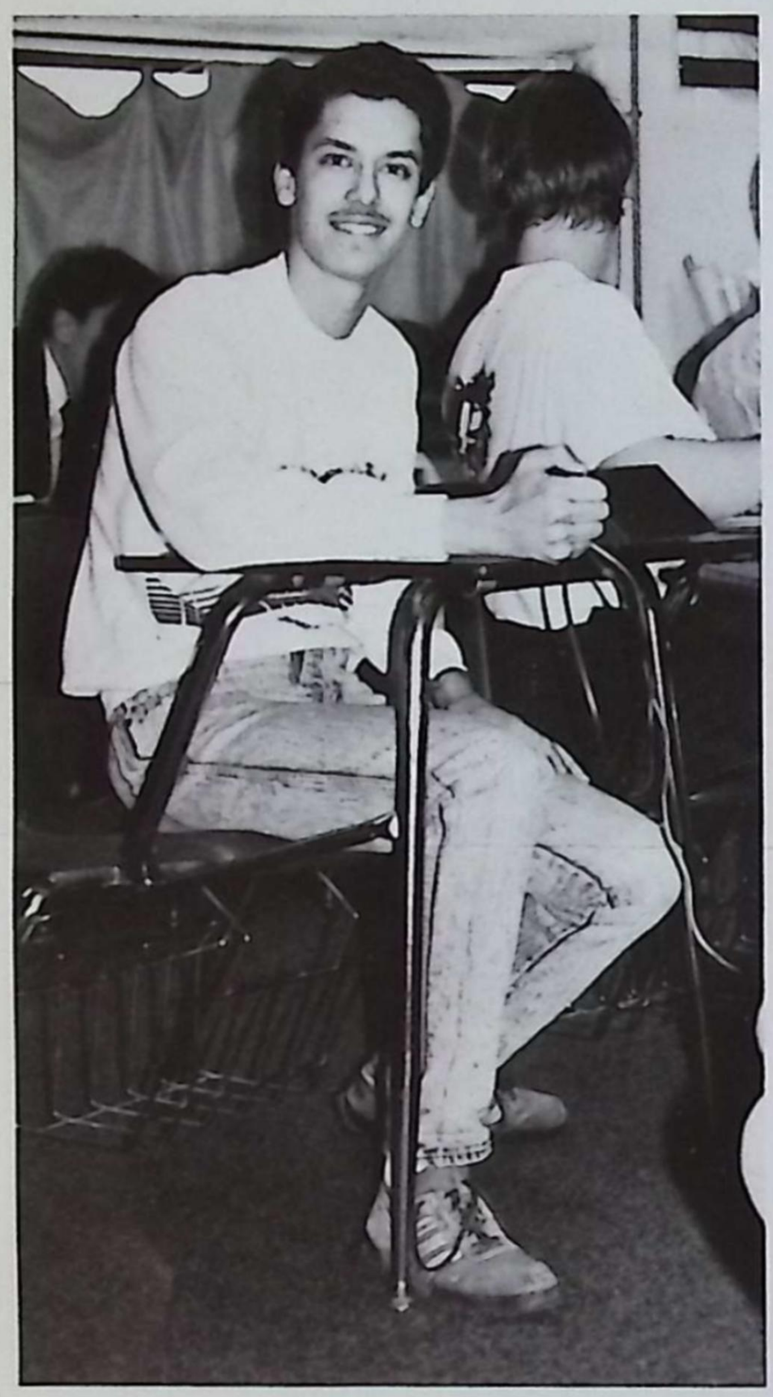
This was an amazing year for the St.Clair Quiz Bowl Team! Varsity Members (Tom Anderson, Nikhil Chandra, Dave Creech, Jon Hyslop, Tim Mrosewski, and Dave McConnell) all contributed to make this a winning season.

The most important meet of the season was against Yale. This win clinched the title. The round was won in overtime with two questions answered by senior, Tim Mrosewske.

How can we sum up the season? Seniors Tim Mrosewske and Jon Hyslop say it best, "Its was fun. It was just for fun, but we're awesome!" (T.M.) "We had a good time demolishing the other teams, but in the end, teamwork prevailed." (J.H.)

The J.V. Quiz Bowl Team pulled their weight against the rest of the league too! Although they did loose a few matches, overall, the all freshmen team had a very successful year. Members include Brandon Bailey, Cacey Glass, Joel Harvey, Arnold Kasemsarn, and Jeff Radike.

Congratulations to both teams for a great season well earned!



NIKHIL Chandra, our "German Pistol" swept the competition off their feet!

"Play it Again Sam"

This year the junior class sponsored the all school fall play, "Play it Again Sam", a romantic comedy by Woody Allen.
This was Miss Sredich's first year as drama advisor. She is looking forward to developing a strong program in the next few years.
With the help of all those involved in the play, the fall performance went well. The young actors took the time and effort needed to make their two performance nights spectacular.
The glory faded too quickly. Before they know it, it was time to strike the sets and take down the lights. Not to worry, there is always another performance....

Seniors Sponsor Spring Play "Crossing Delancey"

"Crossing Delancy", a heartwarming comedy about a relationship between a strongwilled Jewish grandmother and her unmarried granddaughter, was performed by S.C.H.S. students on March 30 and 31.

The play, written by Susan Sandler, is a comedy which focuses on the adjustments a person must make between old world values and customs and contemporary careers and challenges.

The all-school play stars: Gordie Billy, Chrissy Bloomfield, Rachel LaRue, Jenny Liva, nad Shawn Warn. Play production and direction by student assistants included: Jason Closs, Clint Jones, Jeff Cook, Gwen Kollmorgan, Tim Mrosewske, and Amy Richards.

Forensics Who?

Not many students have heard the word, let alone, know what it means. Fornesics? So, what is it?

Forensics is an individual speaking competition. There are thirteen categories. Eight are in dramatics and five in speaking. Students compete against other students in rounds. There are approximately eight students in each round. Each student tries to better their previous score while also competing against other students.

Hard work? You bet! Each competitor has to memorize his/her material and perform it at least three times in one competition.

Why join something that takes so much work? The students who join Forensics enjoy performing and therefore, don't mind the work. Forensics allows them to become different characters and they have a great time pretending!

Fornesics also offers a lot of benefits. Competition builds character, confidence, self-discpline, and personality. It really takes a lot of guts to stand up in front of strangers and perform. Forensics definitely helps you overcome any insecurities you may have.

If you love attention, enjoy performing, and don't mind the hard work, Forensics is the club for you!

Another Year
Another Book of Memories

What good is a yearbook anyway? This is a question heard quite frequently during the month of November when the St. Clair High School Yearbook Staff begins taking orders for the "Book of the Year."

A yearbook is a must for those of you who want to preserve four years of your life. This "Book of Memories" is one you will turn to when you want to reminisce about the past. They're priceless!

This year's yearbook staff worked hard to make this year's book the best that it could be. Many found out that the class isn't always fun. It's not just roaming the halls and taking pictures.

During the first ten weeks of school, each staff member is responsible for collecting twenty business and/or personal advertisements. These ads, along with the money collected from sales, help to pay for the publication of our book. This is not an east task. This year, many students traveled out of St. Clair, to Marysville, Richmond, and even Lakeside Mall to collect their ads.

When all the advertisements are collected, the next task is to design the ad pages. This is fun for the students who are creative and enjoy designing.

During this time, yearbooks usually go on sale. Since they are sold at lunchtime, staff members give up their lunch period to take orders.

When the staff finishes these tasks, they spend the next two terms writing stories, designing spreads, taking pictures, and correcting mistakes. This is all very time consuming and hectic when you have specific deadlines to meet.

The last ten weeks of school are spent getting ready for next year's book.

A lot of time and effort is put into every yearbook that is designed at S.C. High School. Every staff member deserves a lot of credit for the work they put into making this book possible.

A Busy Year for Business Professionals of America

What is Business Professionals of America? It is a State of Michigan High School career education organization for students with a career objective in business and who are enrolled in a high school program which includes occupational development.

What's the purpose? Business Professionals of America develops and strengthens the confidence of young people in themselves and their work. It develops leadership abilities through participation in educational, vocational, civic, recreational, and social activities. Most of all, it fosters a deep respect for the dignity of all work.

This was a great year for placing at competitions. Nineteen students placed at regionals and six students placed at State Competitions in March. Jason Alban, second place Economic Awarness; Eric Alban, third place Entrepreneur Individual; Nate Hurley, fifth place Business Math; Eric Markel, sixth place Financial Specialist; Cindy Morgan, fifth place Extemporaneous Verbal I; and Kelly VanBuskirk, fifth place Transcription.

The organiziaion also held their annual spring Fashion Show in March to help raise money for their expenses.

Congratulations on a great year!

Experience for the Future

CO-OP and Work Experience give students the opportunity to work and get school credit at the same time. You are allowed to leave school, work for pay, gain experience in a field, and recieve credit toward graduation just as if you were in a classroom. What a deal! For those of us who plan on going into the work force right after graduation, this is a great opportunity to get a foot in the door early. Both also give college bound students experience in a field of interest they wish to study.

Exchange Students. . .Coming to America!

There are two programs available for students interested in spending a year abroad.

Youth for Understanding is an international exchange program for teenagers. This program allows students, ages fourteen to eighteen, to travel to one of thirty-four different countries and live with a host family during their stay.

The Rotary exchange program is very similar. The major differences are that the Rotary pays for part of your expenses and you switch host families every three months. Most Rotary exchange students have parents in the Rotary Club.

What does it take to be an exchange student? First, it's going to cost money. Prices range anywhere from $3,000 to $5,000. This cost gets you there and back. More money is necessary for any extras a student may want to purchase.

The second prerequisite is that you must have at least a B average.

Some of our exchange students had to write papers, others had to take tests. They were then interviewed and eventually selected to be a part of the exchange program.

Steffanie Hartmann
West Germany

Steffi is from Cologne, West Germany. She is a Rotary exchange student.

Are Americans different than Germans? Well, Steffi says Americans "work too much, eat too fast, and are much too busy."

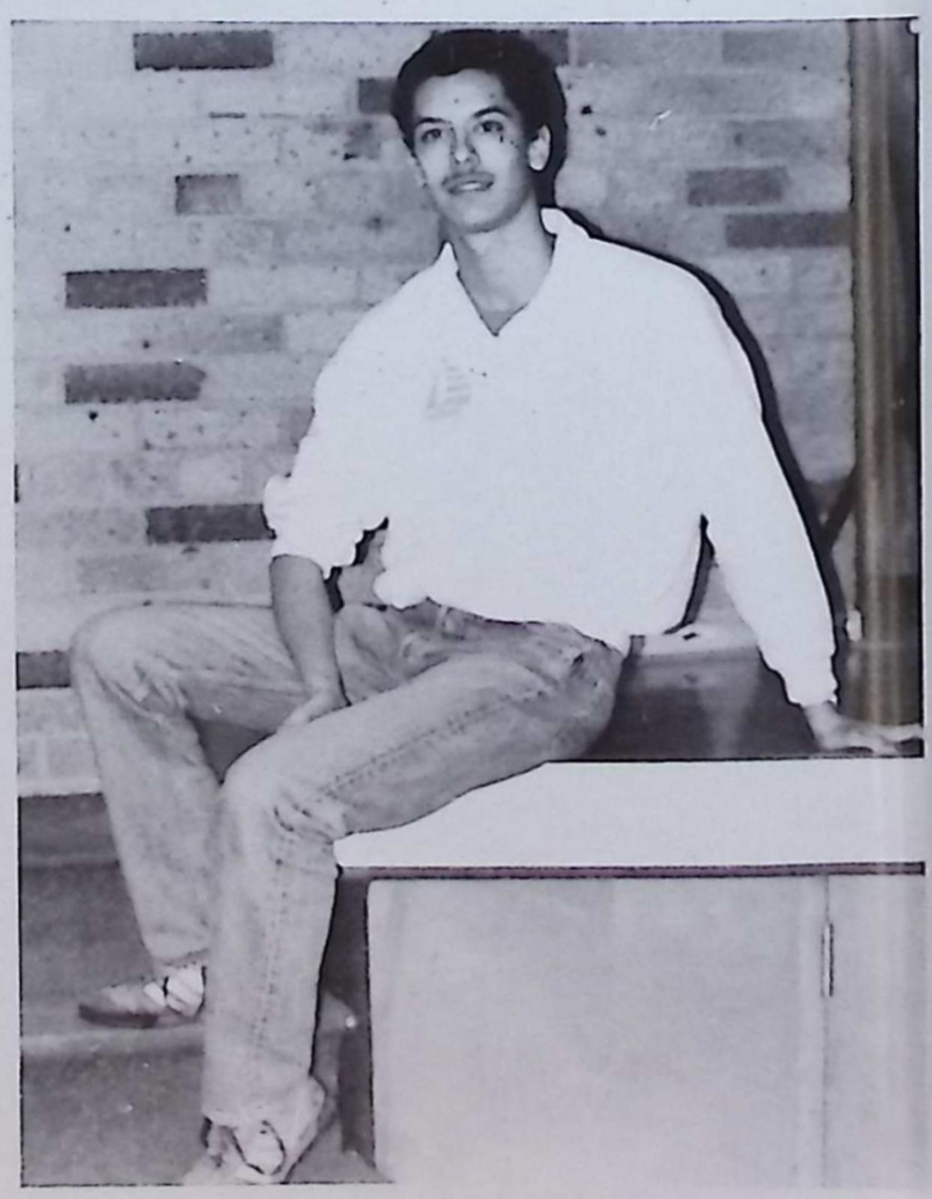
In Cologne, teenagers sit in cafes and talk with friends. At night, they go to discos. Kids very rarely have jobs until they are out of school.

Steffi's favorite things are skiing, parties, discos, and good conversation with interesting people.

Steffi speaks English, French, and Spanish, as well as her native tongue.

What does she like most about St. Clair? "The small town familiarity. It's so peaceful and safe."

Nikhil Chandra
West Germany



Nikhil is from Oberhausen, West Germany. Besides speading German and English, he can speak French, Latin, Italian, Esperanto, and some old Greek.

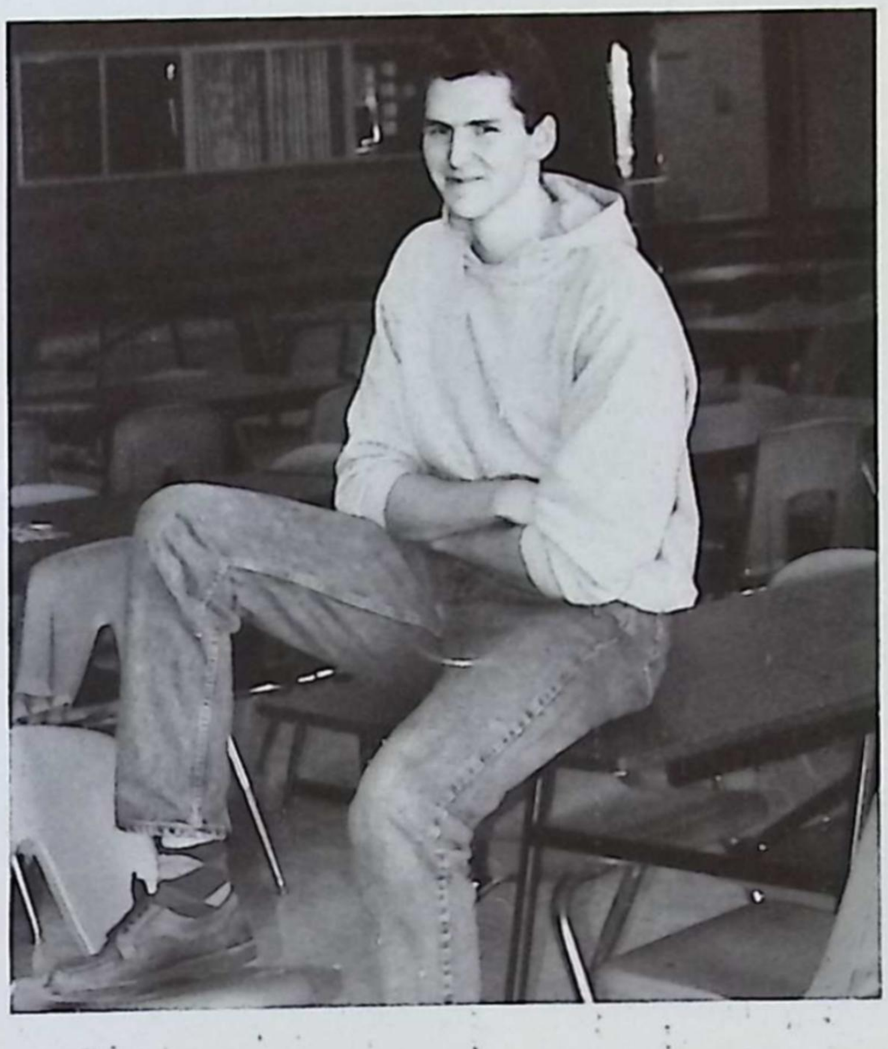
In West Germany, he went to school six days a week for thirteen years. How is West Germany different? "It is not as fast paced. Also, more of life revolves around the family."

Does he like America? "Yes! Especially my new friends."

Vesa Punnonen

Finland

Vesa is from Helsinki, Finland. His favorite sport is soccer.
How are Americans different? "They seem louder and girls talk a lot more."
What did he learn about American food? "It's greasier. I love the Big Mac and hate sweet potatoes."
The thing Vesa likes the most about the U.S.? "The women!" He also adds that the people are very nice.
He speaks Finnish, Swedish, German, and English.



Steve Sarnow

West Germany

Steve is also from Cologne, West Germany. Surprisingly, he did not know Steffi until they met in America.
He enjoys traveling, fishing, playing basketball, getting to know people, and going out with friends.
When at home, he enjoys going to France. He says, going to France is like us going to Canada.

Nicole Frey

Switzerland

Nicole enjoys playing badminton and volleyball. She also enjoys skiing, dancing, and reading.
She feels that Americans eat a lot of junk food and joke more than the Swiss.
In Switzerland, you attend school on Saturdays and not many people drive.

St. Clair Band Goes to Liberty Bowl!

This has been a remarkable year for the St. Clair High School Marching Saints. Director Dave Daggett, in his second year at St. Clair High, had a dream. With the help of the school board, parents, and devoted band members, this dream came true.

On Monday, December 25, the St. Clair Marching Saints departed for Memphis, Tennessee to take part in the Liberty Bowl Festivities.

In Memphis, the band stayed at the Holiday Inn Crown Plaza in downtown Memphis. During their stay, the band performed in a field show competition, attended a rodeo, and praticed for hours!

On December 28, they performed, on national television, at the Liberty Bowl Football Game during half-time in a combined band of over 2,000 members. "It was a wonderful experience, but it took a lot of work earning the money to go," said one band member.

Just how much did they have to earn? 29,000.00!

Some thought it impossible, but they were proven wrong. The band did it through many different fund raisers. They held a Car-Wash-a-Thon, and a Spaghetti Dinner and sold everything from peanuts to shoelaces.

And that's not all! This year's band participated in their first District Marching Competition and took a second place division. They competed at the M.S.B.O.A. Concert Band Festival in March and took a high second place division.

So, what's next? Mr. Daggett's next goal is to get the band involved in the State Festival Competition and to have them play at Disney World in Florida!

Singers Under New Direction

Teachers come and go in high schools. This year, S.C.H.S. had many new teachers. One of them is Ms. June Zydek, the new choral director.

Ms. Zydek conducts the Singing Sensations as well as the St. Clair Singers. Both groups perform for other schools, as well as giving evening concerts. Members of the St. Clair Singers perform solos as well as adding choreography to their songs.

This year, choir classes sold candy, held a car wash and on Valentine's Day, delivered singing telegrams to loved ones and friends. All of theses fund raisers were held to earn money for an accompanist, for summer music camp, and to purchase new music.

Varsity Club Promotes Sportsmanship and School Spirit

The Varsity Club is a new organization consisting of twenty-five students who have earned their varsity letters. The club was formed to promote athletic sportsmanship and achievement and to provide an social organization for St. Clair High School athletes.

The St. Clair High coaching staff and athletic director organized the program and got it started.

The club members are expected to promote and demonstrate sportsmanship and school spirit. They will also provide championship patches for the athletic teams.

The future plans for the Varsity Club are to increase in membership, help individual teams with projects, and become recognized in the community of St. Clair as a positive organizition.

Dare to be...

Disciplined

Some people think the only reason to go out for sports in high school is to become better known. Others think students get into sports to stay fit. While both may be true, there are other reasons for getting involved in school sports.

High school sports are very demanding and time consuming. You usually spend many hours after school and even spend weekends practicing or attending special events.

Some people play sports because it keeps them out of trouble and gives them something fun to do.

While participating in sports, you also learn how to take orders.

Playing sports brings those who participate happiness, because there is no better feeling that winning, except the pride you have in yourself for the effort put forth.

A Team Effort

The J.V. Softball season tryouts started in March. The team consisted of twelve players, with Stephanie Petrone and Cori Liebetreu as team captains. Miss Krist was the new J.V. coach and did an outstanding job with the team.

The girls had been playing ball together since they were little kids. Because of playing together for so long, they were all very close. They knew each other's abilities which helped in practice and games.

Due to wet and muddy grounds one day and freezing winds and snow fall the next, the girls had to do most of their practicing in the gym. When the big day came for the girls first game, is was cancelled due to a snowstorm. The weather eventually warmed up and the team won their first game against Richmond, 21-11. They also won their second game against Algonac, 13-10. The rest of the season was inconsistent.

Although it was not a winning season, the girls made the best of it. They had the most fun going to the away games, because they were able to ride the bus with the Boys' J.V. Baseball Team.

The season was finished with two wins and nine losses in the league games and six wins and eleven losses overall.

The special awards given during this season were Most Valuable Player to Laurie Osterland, Most Improved Player to Beth Barrons and the sportsmanship award went to Andrea Lozon.

"The team had the talent, I want to center that talent on working as a team to win," said Coach Krist.

Try, Try, Again. . .

This year's Girls' Varsity Softball Team ended their season with a 9 and 12 overall record.

Team Captains Julie Westrick, Kris Devroy, Kim McCabe, and Missy Oles led the team with strong area league play. Grad, Julie Westrick received all-area captain, first team all-area, and MVP; now senior, Jennifer Frantz nabbed second team all-area. Other graduates, Missy Oles, Kim McCabe, and Ann Schneider grabbed special mention/sportsmanship, special mention, and most improved respectively.

Saints Put Up a Good Fight!

The 1989 Junior Varsity Baseball Team had a heartbreaking season last spring. They started off very well but ended up with a 8-9 record. Even though Coach Eberhard wasn't happy with the season, he said, "This was the hardest working team I have ever coached."

Jason Alban was team captain and also shared the team's highest average with Brian Mitchell. Scott Brown lead the team with the most wins as a pitcher. When Coach Eberhard was asked what goals he had for next year's team, he replied, "To win S.C.A.L."

What a Season!

The 1989 Varsity Baseball team, lead by Coach Mallwitz and Captain John Richardson, truly had a successful and rewarding season. There were many triumphant and comical moments that will be hard to forget.

With their outstanding overall record of 18-4, and their accomplishments of being the S.C.A.L Champions and the Sandusky Invitational Champions, they made this season very memorable. One particularly memorable event was when Steve Schweihofer hit the Grand Slam Home Run that put St. Clair ahead in the S.C.A.L. title game with Marysville.

The season was also filled with many funny moments. Playing "500" and "SCRUB" during practice and talking backwards during games, so the other team wouldn't understand what they were saying, added to humorous parts of the season.

"It was probably the most rewarding season I've ever been a part of," commented Coach Mallwitz, "We had won the league title the year before, and most of the starters had graduated, so very few felt that we would be very good. But the players believed in themselves, had confidence, pulled for each other, and battled to stay in every game. The members of the 1989 Saints' Baseball Team are all winners!"

Lady Saints Take Charge

All in all, the Lady Saints did very well in their '89 track season, with a total of five wins, three losses, and finishing second in the S.C.A.L.

Many of records were broken during the season. Lisa Thompson broke two records with a 11:57 in the 3200 meter run and a 5:44 in the 1600 meter run. Jamie Springborn broke records with a 4:08.3 in the 300 meter hurdles and tied the old record of 16.9 in the 100 meter hurdles. Carrie Rau ran a 60.8 in the 400 meter dash and the 800 meter relay team made up of Jenny Liva, Sandy Rau, Bridget Kreusel, and Julie Liva broke the old record of 151.12 with a record time of 150.8.

Special awards given to the girls were as follows: Most Valuable Player, Julie Liva. Most competitive, Lisa Thompson and Jamie Springborn. Most Promising, Liz Thompson and Sandy Rau. Most Improved, Carrie Rau. All Around Sportsmanship, Jenny Liva. The captains' trophies went to Julie Liva, Andrea Smith, Lisa Thompson, and Bridget Kreusel.

Even though most of the girls graduated in the spring, new recrutes are expected. Coach Shaw states, "Next year we're going all the way to League Champs!"

It Takes Determination

The 1989 Boys' Track Team Captains were Gordie Billy for sprints, Tom Harman for middle distance, Jody Shovan, distance, and Rob Laming for field events.

The season's high for the year was at the state regional. Rob Laming placed third in the high jump event and Jody Shovan took fifth in the 3200 meter run. Coach Archer claims the season was a difficult one because of ineligible athletes, yet he says it was enjoyable because of individual accomplishments.

Focused on Success

The 1989 Boys' Tennis team had a decent season, although it wasn't exactly what Coach Stablein had expected.

The team record was 6 wins and 7 losses. The boys placed third in the class B regionals. St. Clair lost the S.C.A.L. Championship by one in a very close match against Marysville.

The captains for the '89 team were Ron Stablein, Kevin Shaw, and Paul Acton.

Some of the special awards given out this season were: Most Valuable Player, Kevin Shaw; Sportsmanship, Dave McConnell; and Most Improved Players, Paul Smith and Mike Kierszykowski.

The people to look for in the 1990 season are Kevin Ladd, Matt Landschoot, Dave McConnell, Mike Kierszykowski, Jim Meyers, Sam Fajardo, and Tom Sprung.

Swinging Strong

Even though the season record for the Girls' Varsity Tennis Team was only five wins and six losses, they still managed to go undefeated in S.C.A.L. and win the League Championship for the fourth consecutive year.
Part of the reason for not doing as well as they had planned was because they had a young inexperienced team. Coach Stablein hopes to go all the way next year, with a better and more experienced group. They also plan on taking the League Championship for the fifth consecutive season.

Striding to be the Best

"The season started off very slow this year for Cross Country. With only one returning letterman, there was much work and effort involved," said Coach Mareski.

This year's captains were Jody Shovan and Dana Brenner. Jody qualified for the state championship meet and was S.C.A.L. second team. Chris Cook broke the freshmen record at Centerline. The boys' team finished third at the Harbor Beach Invitational. Lana Poppenga, Carrie Rau, and Dana Brenner finished in the top 25 at Harbor Beach. Casey Glass established the freshmen record for girls. Carrie Rau was awarded the school and junior record for girls and Dana Brenner, the senior record for girls.

The one goal Coach Mareski has for next year is to encourage more students to join the team.

Successful Season for St. Clair Golfers

The 1989-90 Golfers had an excellent season. They won the S.C.A.L. league tournament and finished second in the regionals which qualified them for the state tournament.

This year's team captain was Dave Wickens. The awards for first team all league were given to John Johnson and Don Light. These individuals came through in different matches to help in the team's success.

Next year Coach Monte has set high goals for his golfers. He hopes they will win the S.C.A.L. tournament, and make it to the state tournament once again. Good Luck Guys!

Long Laps Build Winning Season

This year's Girls' Swim Team ended with a seven-one season. They were surprised because they had lost six strong seniors last year. The team also took the second place trophy at Invitationals.

Tammy Stier and Mary Linsday made it to regionals for diving, and Sandy Rau missed going to states by two tenths of a second.

This year's team Captains were Stacee Good, Rachel LaRue, and Becky Ferriby.

Awards were given to Sandy Rau and Beth Daniels for high points. The sportsmanship award was given to Sandy Rau. The Most Improved Swimmers were Laurie Osterland, Anita Lumetta, Mary Linsday, and Amy Richards.

In Memory of Our Coach

"The season certainly had its ups and downs. First, the ten game winning streak, then two three game losing streaks. "As a team, we were naturally disappointed, but the plus side was that the girls always played hard. For me, that was what make the season a successful one. This was a great group of athletes and they make it one of my most enjoyable seasons." -Mr. Craze
We would like to dedicate this spread to Mr. Craze who died this past December. He spent many years teaching and coaching in this district. He will be deeply missed by his J.V. teams and the rest of St. Clair High.

Freshmen S.C.A.L. Champions

The Boys' Freshmen Basketball Team went 11-1 this season with an eleven game winning streak. They were S.C.A.L. Champions this year!
Their team captains were Don Light and Jeff Harwood with Mr. Shaw as their coach.
Their highest moment of the season was beating Marysville who had beaten them at home for their only league loss.
They had a shaky beginning but they continued to improve game by game into a great team.
Only through their team work and confidence were they able to be the best.

Good Season for J.V. Ball

The Boys' J.V. Basketball team had a good season. Their record was fourteen wins and six losses.

This year's team captains were Todd Distelrath and Nick Novelli. They did a great job in leading the team throughout the entire season.

Coach Stevenson was pleased with the team's effort, "We had a pretty good season, but there were a couple of games we would like to play over."

Goals for next year include developing a better routine for playing away games.

Frustrating Season for Varsity Basketball

This year's Varsity Boys' Basketball team set two main goals. One, to win the S.C.A.L. and the second, to get to regionals. the boys placed second at S.C.A.L. and lost in the district championship. A disappointing season? No way! Our team finished with a 17-7 record this year.

We had several individuals who had outstanding games. Ken Laming scored 33 pts. against Algonac; Fred Hayes, 29 pts. against algonac; John Deegan, 25 pts. against Marysville; and Matt Landschoot played an outstanding game at the district championship.

This years M.V.P. Award went to Captain Ken Laming, Our "Mr. Hustle" Award went to Matt Landschoot, The Coaches Award went to Captain John Deegan. M.I.P.-Ed Delore; First Team All League-Ed Delore; Second Team All League; Ken Laming, Jason Shafer; and Honorable Mention-John Deegan.

As juniors and seniors, the class of 1990 was 33-11 over all. They finished second in the S.C.A.L both years. A very good record, guys!

Plans for next year? We will have to replace all our forwards and centers. We are loosing six of our top seven players.

"Although it wasn't the 'perfect' season, it was a lot of fun. We all got along well and enjoyed being together," comments team captain senior Kelly McCabe.

This year's team did do well enough to make it to the finals in the S.C.A.L. District Competition.

Awards went to the following players: Laurie Osterland and Lisa Gamble-Most Improved; Wendy Carrier-Sportsmanship and 2nd Team All League; Kelly McCabe-Most Valuable Player and 1st Team All League; Therese Bonner and Anita Goodsel-Honorable Mention.

Next year's goal is to get the team's talent working together to win!

St. Clair Hockey Team Skates Hard to Win!

Under the supervision of Coaches Norm Koehn, Dave Rancilio, and Jeff Rancilio and the leadership of the team captains, Brad Picklehaupt, Marty Rancilio, and Dave Wickens, the Varsity Hockey team skated through a successful winning season.

The team started the season with two fine goaltenders, a strong defense, and scoring forward potentials up front. They played hard and played to win. They constantly improved throughout the season and formed close bonds with one another.

To everyone involved, thanks for one exciting, enjoyable, and fulfilling season and remember, as Coach Koehn says, "It's always special when you win a contest, but if you play and compete to win that's what's important."

St. Clair Swim Team Takes S.C.A.L. Championship

The boys' swimming season was very rewarding for both swimmers and divers. "They had the chance to find out that hard work and dedication does pay off with time," comments Coach Lucht. They placed second at the St. Clair Relay Invitiational, first at the Marine City Invitaitonal, and were awarded the S.C.A.L. Championship title.

"The team had many different personalities, but still enjoyed being with one another. Besides practice and meets, the team went sledding, skiing, and out to dinner together. It was great!" Coach Lucht reports enthusiastically.

Next year's goals include having each swimmer and diver reach his personal goal(s), continuing to have a winning season, being S.C.A.L. Champs again, and being a close team again!

J.V. Cheerleaders

Cheerleading is not always as glamorous as people may think. Fall Cheerleaders must put up with nasty Michigan weather during football season. It's not very easy to look energetic when you are standing in freezing rain, but our J.V. Squad never let us down.

This year's J.V. Basketball squad set one goal at the beginning of the season. That goal was triumphantly achieved on February 9th when they competed and won a second place trophy at the S.C.A.L. Competition. It was only through lots of hard work, ritual practicing and plenty of patience that the girls finally became precision perfect.

Varsity Cheerleading

Cheerleading is a fun but demanding activity. To become a cheerleader you must first tryout. You have to create your own cheer and learn another. You are judged on appearance and voice.

Once you make the squad, you often spend your summer at camp and competitions. During the school year, there are practices every day except for game nights.

Most girls don't mind the work, because they're a team and can have fun at the games at the same time!

Supportive

The 1989-90 Yearbook Staff would like to dedicate this spread to all of the local merchants who help support our yearbook. Without these patrons, the students of St. Clair High would be spending much more money to get a book.
Many of us see these ads and neglect to think what they really represent. Our yearbook is supported by the money earned from selling ad space and from the money collected from yearbook sales. That's it. If we didn't have the support of our local merchants, we wouldn't have enough money to publish a book.
This is our thank you to those who help make this book possible. We couldn't do it without you!

DIAMONDS

HAVE BEEN OUR BUSINESS
FOR OVER 70 YEARS...

AND STILL ARE.

Although we sell many other items, our business is DIAMONDS. We are always aware of what is going on at the diamond markets and we are always trying to buy diamonds at the best prices, passing these savings on to you. All diamonds are personally selected for cut, color, and quality. Your best diamond buy is always a diamond from your nearest FOX JEWELRY store.

No one will ever get out of this world alive. Resolve therefore to maintain a reasonable sense of values.

Take care of yourself. Good health is everyone's major source of wealth. Without it, happiness is almost impossible.

Resolve to be cheerful & helpful. People will repay you in kind.

Avoid angry, abrasive persons. They are generally vengeful.

Avoid zealots. They are generally humorless.

Resolve to listen more & to talk less. No one ever learns anything by talking.

Be chary of giving advice. Wise men don't need it & fools won't heed it.

Resolve to be tender with the young, compassionate with the aged, sympathetic with the striving & tolerant of the weak & the wrong. Sometime in life you will have been all of these.

Do not equate money with success. There are many successful moneymakers who are miserable failures as human beings. What counts most about success is how a person achieves it.

A Guide To A Happy Life
